Integrated Business Intelligence Corporation Honoured as Partner of the Year for Small Business Specialist at 2007 Microsoft Worldwide Partner Program Awards

Hamilton, ON — July 18, 2007 — Today, Integrated Business Intelligence Corp proudly announced it has won the Partner of the Year Award for Small Business Specialist at the 2007 Microsoft Worldwide Partner Program Awards. The company was chosen out of an international field of top Microsoft Partners as delivering market-leading customer solutions built on Microsoft technology. The awards were distributed at a ceremony on July 11 in Denver, CO at the Microsoft Worldwide Partner Conference.

“We are very proud to receive the Partner of the Year Award from Microsoft. This award symbolizes the dramatic improvements Microsoft products such as Microsoft Dynamics CRM, ERP, and Retail Management can make to the bottom line of small businesses. Thanks to our dedicated employees, IBI Corp. has had an extremely successful year, and that success is producing results for our clients such as Humane Wildlife Control Inc.” says Garnet Lasby, CEO of Integrated Business Intelligence Corp. President Barry Dowd added: “The award recognizes the level of service we bring to our clients and sets us clearly apart from our competition in supplying application and consulting services to a wide range of small and medium-sized enterprises.”

Awards were presented in a number of categories, with winners chosen from a pool of more than 1,800 entrants worldwide. Integrated Business Intelligence Corp was recognized for superior technology and innovation as a Small Business Specialist. The Small Business Specialist Partner of the

Year Award honours those partners who are using Microsoft technology to deploy innovative small business solutions to clients with fewer than 50 employees or fewer than 25 PCs. The partner recognized by this award will have demonstrated how it provides ways for a small business to better connect with customers, partners and employees, to manage business processes productively and to rely on dependable, flexible and secure software.

“The largest urban wildlife company in Canada, Humane Wildlife Control had an unreliable customized scheduling and tracking system for their employees. Working together with the Small Business Specialist Partner of the Year, Integrated Business Intelligence, they deployed Microsoft Windows Small Business Server 2003 Premium Edition, Microsoft Dynamics Great Plains 9.0, and several other Microsoft solutions that helped the customer provide enhanced customer service, improved scheduling and reporting, and increased its sales closing ratio by 20 percent,” said Lora Gernon, Director, Partner Group, Microsoft Canada Co.

The Microsoft Partner Program Awards recognize Microsoft Partners that have developed and delivered exceptional Microsoft-based solutions over the last year.
